
ACTIVITIES @ ADARE

Effective 1 February 2016

Amazing Race

In tribes, participants negotiate a series of challenging activities that requires a high level of team work to be successful.

Aqua Adventure

When you don't want to go to the beach we bring the water to you. Tribes work together in series of fun and engaging activities. Make sure you are not wearing your Sunday bests because chances are you will get wet.

Beach Games

In tribes, participants undertake a number of competitive beach activities designed to maximize teamwork and encourage physical participation – a great way to start camp.

Brain Twister

Tribes are subjected to a series of team activities that require 'out of the box' thinking if the Tribe is to be successful.

The CACTUS

At the end of big camp we step it up a notch, tribes work together all over camp and down at the beach to earn equipment for a camp wide game, the winner of which has their name written down in history as the victors of their school for that year.

Challenge Course

In Tribes, participants navigate their way through a series of challenging activities that require teamwork and initiative to achieve success.

Crate Stacking

Its time to build! Participants engage in a daring team building activity where they need to build and climb their milk crate tower before it collapses.

Dry Raft Making

Select your equipment carefully because it is all you have to navigate the course, with your tribe as fast as you can with the minimum of disturbance to your precious cargo.

Escape the Room

Participants need to work together to solve puzzles, riddles and other challenges, put all the clues together to complete the ultimate challenge of escaping the room.

Expedition

To be able to look back over the cliffs towards the Bluff after climbing up a big hill is a thing of beauty. Students have the opportunity to hike 14km of the world famous Hysen Trail.

Flying Kiwi

Participants are raised 15 meters above the ground by their fellow tribe members, experiencing what a jet plane feels during a take off.

Kayaking

Explore Hindmarsh River in a safe flat water environment, a great way to introduce students to this water sport. You will need to encourage tribe mates and cooperate, if you are going to successfully navigate the river in a double Kayak.

Lost at Sea

If it was you and 3 friends floating in the middle of the ocean, how well would you survive until rescue came? Can you convince the others in the boat to keep vital equipment? The decisions you make might be the difference to survival and failure.

Mountain Bikes

Riders undertake a competency skills test followed by a ride along one of the local bike paths. There are different journeys we can take, depending on the skill or the riders

Parachute Games

A sensory experience where tribes use a giant parachute in various ways, enjoying the colour, texture and unique way it moves adds an extra element to otherwise simple activities.

Survivor Challenge

Based on the theme of the TV show Survivor, participants undertake a number of challenging activities to explore the dynamics of effective teamwork and experimental learning.

Team Relay Challenge

Racing against other tribes sounds easy, but if you are in a sack, on a moon bouncer, tied to one or many other tribe members, it starts becoming more of a challenge. You will need to work together if you want to come away with the points in Team Relay Challenge

Treasure Hunt

Equipped with torches, treasure hunters enter the basement on their hands and knees of the historic Adare House in search of missing treasure.

Water Obstacle Course

Participants engage in a series of water based obstacles. Success is dependent upon the Tribe's level of teamwork, cooperation, encouragement and willingness to get wet and muddy.
